## THE VIRTUAL SESSIONS

SHARE LEARN DISCUSS

### Data Workflow Tools + Tricks

November 12th, 2020

2:00-3:30 PM EDT / 11:00 AM-12:30 PM PDT

**Learn** from experienced transportation data scientists about how they approach data workflows. Three experts in the field will share how their workflows help them extract knowledge from data and model output, the tools they rely on, and lessons they've learned from working with data.

**Organizer:** Leah Flake, RSG

**Presenters:**

- Suzanne Childress, Puget Sound Regional Council
- Anne Berres, Oak Ridge National Labs
- Billy Charlton, Technical University of Berlin
